

THE HONG KONG INSTITUTE OF SURVEYORS

28th February, 2002

Your ref.: (28) in WB(PS)106/42 Pt 2

Secretary for Works
Works Bureau
Murray Building
Garden Road
Hong Kong

Attn: Mr. Wong Wai Man

Dear Mr. Wong

Consultation Paper on the Proposed Method of Categorizing and Shortlisting Consultants for Public Building Projects

I refer to your letter informing us the revised method of categorizing and shortlisting architectural and associated consultants and welcome the creation of the new category of building surveying consultants.

As for the qualifications of the Quantity Surveying Consultants and the Building Surveying Consultants, The Hong Kong Institute of Surveyors will like to propose that the following criteria be adopted:

Quantity Surveying (QS) - "Qualified quantity surveyer means a corporate member of The Hong Kong Institute of Surveyors (Quantity Surveying Division) who is also a Registered Professional Surveyor (Quantity Surveying)."

Building Surveying (BS) - "Qualified building surveyer means a corporate member of The Hong Kong Institute of Surveyors (Building Surveying Division) who is also a Registered Professional Surveyor (Building Surveying)."

Should you require further information, please contact our Mr Gordon Ng on 2526 3679.

Yours sincerely

Chan Hak
President
